The “covid experiment” was a masterclass in the use of authority to coerce, intimidate, and compel the ignorant masses into conforming to made up rules and regulations regarding lockdowns, masks, social distancing, the use of safe and effective medicines like ivermectin and hydroxychloroquine, and ultimately forcing an unsafe, untested, dangerous gene altering toxin to be injected into their bodies.

The totalitarian regime which inflicted this global horror show upon humanity has no hesitation in faking data in order to further their evil agenda, so their statistics showing 81% of Americans received at least one jab seem suspect. Overestimating the number who have submitted is a method for convincing more sheep to do so. I would estimate that closer to 60% of adults got the jab, under threat of sanctions, loss of job, and/or loss of privileges.

The Venn Diagram below is an accurate portrayal of the techniques used by the “authorities” in conducting this worldwide experiment in how far they could push people before they pushed back. From the perspective of our overlords, this experiment was a tremendous success, setting the stage for their next planned

existential threat exercise to abscond with more of our wealth, while increasing their power and control over our lives. Continued submission to their demands will result in continued loss of our liberties, freedoms, and civil rights.

"The disappearance of a sense of responsibility is the most far-reaching consequence of submission to authority." — **Stanley Milgram**

"Control the manner in which a man interprets his world, and you have gone a long way toward controlling his behavior. That is why ideology, an attempt to interpret the condition of man, is always a prominent feature of revolutions, wars, and other circumstances in which individuals are called upon to perform extraordinary action." — **Stanley Milgram, Obedience to Authority**

The only thing missing from the Venn Diagram is an overlay of **Edward Bernays' Propaganda**, providing the blueprint of how to utilize the regime media propaganda outlets to enforce whatever message was needed to support the particular authoritarian narrative of the day. Key aspects of all three experiments were utilized during the covid plandemic to achieve the desired outcomes of the ruling class, in using authoritarian measures to force the masses to do as they were told, or else. Fear and loathing toward our government has been the outcome of this covid experiment. I

steadfastly stand on the loathing side. The brief descriptions below capture the gist of the experiments:

Milgram Authority Experiment

A series of social psychology experiments were conducted by Yale University psychologist Stanley Milgram, who intended to measure the willingness of study participants to obey an authority figure who instructed them to perform acts conflicting with their personal conscience. Participants were led to believe that they were assisting an unrelated experiment, in which they had to administer electric shocks to a "learner". These sham or fake electric shocks gradually increased to levels that would have been fatal had they been real.

Stanford Prison Experiment

The Stanford Prison Experiment set out to examine the psychological effects of authority and powerlessness in a prison environment. The study, led by psychology professor Philip G. Zimbardo, recruited Stanford students using a local newspaper ad. Twenty-four students were carefully screened and randomly assigned into groups of prisoners and guards. The experiment, which was scheduled to last 1-2 weeks, ultimately had to be terminated on only the 6th day as the experiment escalated out of hand when the prisoners were forced to endure cruel and dehumanizing abuse at the hands of their peers. The experiment showed, in Dr. Zimbardo's words, how "ordinary college students could do terrible things."

Asch Conformity Experiment

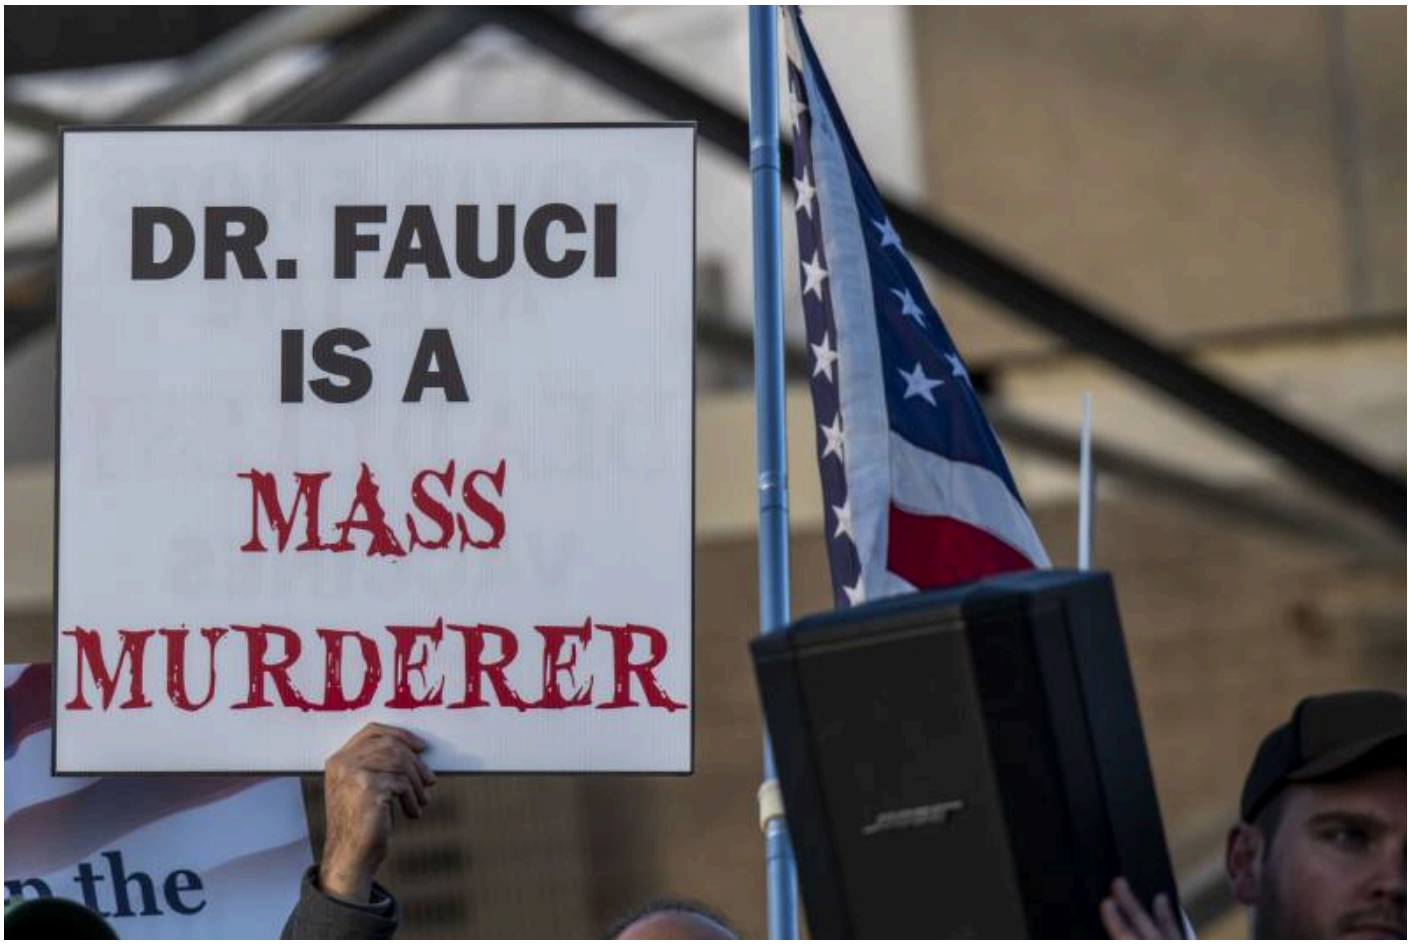
The Asch conformity experiments were a series of psychological experiments conducted by Solomon Asch in the 1950s. The experiments revealed the degree to which a person's own opinions are influenced by those of a group. Asch found that people were willing to ignore reality and give an incorrect answer in order to conform to the rest of the group.

Various adaptations of the **Milgram Authority experiment** were used during the “covid experiment” to further their aims. We’ve seen the videos of covid authoritarians inflicting pain upon average Americans, forcefully arresting them for swimming alone in the ocean, surfing, sitting in a public park, jogging, and having a catch in their yard with their kids. Inflicting pain upon those not following the “covid rules” was embraced by the Karens and Chads across the land. They wanted the non-conformists (aka critical thinkers) to be fired from their jobs, censored on social media, fined, imprisoned, and made into social pariahs. They wished death upon the un-vaxxed and did victory dances when an un-vaxxed person died. Milgram would have been proud of these petty tyrant psychopaths.

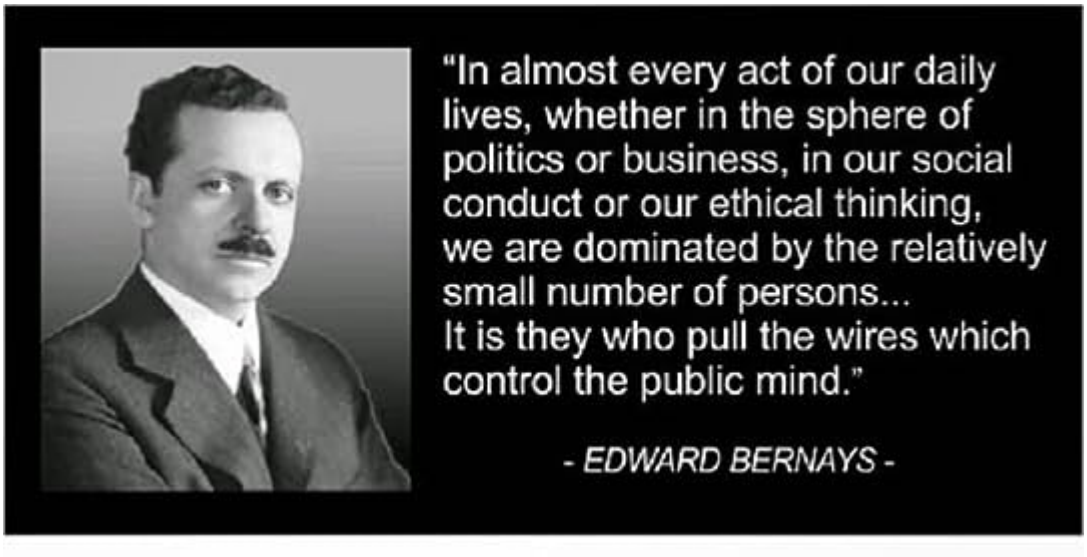
The Stanford Prison experiment showed ordinary people could become cruel fascistic sociopaths almost upon command, inflicting pain and torture upon those they have been told deserve to be treated inhumanely. Authoritarian governors like Cuomo, Murphy, Whitmer, Wolf, and Newsom murdered senior citizens by putting infected patients into the senior living centers. Doctors, hospital administrators, and nurses murdered patients by putting them on ventilators, administering Remdesivir, and denying patients ivermectin and hydroxychloroquine. Biden, Fauci, Trump, Walensky and the Big Pharma industrial complex have murdered and injured millions through the roll-out of their multi-billion dollar jab of death. The ongoing imprisonment of January 6 Capital tourists in the dungeons of DC without trial is cruel and inhuman punishment as a message for all critical thinkers exercising their First Amendment rights.

The Asch Conformity experiment was clearly borne out during the covid scamdemic. People conform to the will of the crowd, even though their brain tells them the crowd is wrong. They don't want to be the disruptive black sheep in a flock of submissive white sheep. Virtually every person, when told to wear a mask, did so with no push back, even though scientific studies proved masks DO NOT WORK. The masses conformed because they believed Fauci (aka The Science), Biden, Trump, fake experts on their

boob tubes, low IQ Hollywood shills, lower IQ athletes paid by Big Pharma, and the talking heads/bimbos spouting the covid propaganda narrative on the regime media outlets. Rather than do their own research, the intellectually lazy, igadget distracted, social media addicted, government school indoctrinated dumbasses decided to conform, obey, and believe everything they were told.



If you didn't believe we were ruled by an invisible government (aka Deep State) of men who pull the strings of society and manipulate the minds of the masses to achieve whatever outcome benefits themselves, then the "covid experiment" should remove all doubt. The entire covid episode was planned beforehand (Event 201) with multiple objectives, all to the benefit of those conducting this experiment, with us as the disposable test subjects in their diabolical plot. The hubris of these tyrants has grown to epic proportions, as they see their "experiment" as an unmitigated triumph of authoritarian measures.



"In almost every act of our daily lives, whether in the sphere of politics or business, in our social conduct or our ethical thinking, we are dominated by the relatively small number of persons... It is they who pull the wires which control the public mind."
- EDWARD BERNAYS -

We know maybe 20% to 30% of the population resisted the measures imposed by the Deep State ruling class, therefore distinguishing themselves as the sole fly in the ointment of the "covid experiment". There is no doubt they will be introducing their next "experiment" in totalitarianism within the next nine months, as the presidential election potentially derails their ongoing efforts to pillage and plunder the remaining wealth accumulated by the plebs. Will it be an engineered financial collapse, an invasion of Haitian cannibals, another lab created disease, activation of the millions of illegal invaders to create chaos, a coordinated takedown of the electrical grid/internet, assassinating Trump and initiating civil war, or finally crossing Putin's red line in Ukraine and triggering global conflict?

Resistance during the “covid experiment” meant not going along with their narrative and directives. It was more of a passive resistance. It didn’t stop them from accomplishing their aims. They used the experiment to ramp Federal spending from $4.4 trillion to over $7 trillion, with most of the increase going directly into their Deep State pockets, while leaving the plebs with raging inflation, an enormous increase in their debt load, and a drastically reduced standard of living.

In order to resist their next “experiment” in destroying our society will require the use of those 300 million firearms scattered among the 20% to 30% of households who are capable and willing to say NO. That may seem too dire and apocalyptic, but these psychopaths in suits will not stop until they fear for their own lives. The time for action approaches and their “experiments” must be terminated, if we hope to have any semblance of the Republic we were given 235 years ago.
